

In order to evaluate your submission, the faculty needs to understand the context of the work you have done. In addition to a description of your project, its methodology and results, please provide the following information:

- (a) Detailed explanation of the nature of the project (e.g. group project, independent work, etc.) and a description of the extent of your involvement in and contribution to the project
  - (b) Specific source of your project (e.g. independent study, science fair, etc.), including funding source, if applicable
  - (c) Duration of your project
  - (d) Your research supervisor's name and relationship to you (if applicable)
  - (e) Grades and comments received from your teacher or faculty evaluator, if applicable.
- You are also strongly encouraged to include a letter of evaluation written by your research mentor that addresses the quality of your work
